

# WellSky® Personal Care is the enterprise choice for personal care

## A flexible, configurable infrastructure and service model:

### Software

Power your personal care business with the WellSky® Personal Care (formerly ClearCare®) SaaS platform.

### Networks

Achieve growth through coordination and cross-referrals across WellSky hospital, health system, home health, and other networks.

### HITRUST Certified

WellSky Personal Care is the only home care software provider with HITRUST CSF certification, an independent 3rd party verification of HIPAA compliance as well as security and privacy practices.

- COPD, heart failure and other disease-focused protocols
- Scheduling, accounting, and other operational workflows

“ WellSky Personal Care’s commitment to being an innovative company with a focus on growth and quality matches our agency’s own mission. We’ve grown 10x with WellSky Personal Care over the past years, and with our partnership, I feel confident we will grow 10x more in the years to come. ”

**Kunu Kaushal – Founder and CEO**  
Senior Solutions Home Care, Brentwood, Tennessee

## The only **connected & interoperable** post-acute ecosystem

**Predictive analytics**

**Clinical decision support**

**Care coordination**

**Interoperable workforce and network management engine**

Hospital Care	Community Care	Practices & Facilities	Home Health & Hospice	Personal Care
<p><b>50,000+</b> patients served annually</p> <p><b>450+</b> transfusion sites worldwide</p> <p><b>135 Million+</b> transfusions &amp; blood donor tests annually</p>	<p><b>4,000,000+</b> aging and disability program members served annually</p> <p><b>3,000+</b> agencies providing services</p>	<p><b>450,000+</b> rehab patients served annually</p>	<p><b>1,200,000+</b> home health &amp; hospice patients served annually</p> <p><b>4,500+</b> home health and hospice agencies</p>	<p><b>600,000+</b> patients served annually</p> <p><b>4,000+</b> personal care agencies</p> <p><b>600,000+</b> caregivers</p>

## Data and analytics

Build dashboards that display key metrics in charts and graphs so you can easily identify trends. See revenue, hours billed, client referrals, client and caregiver pipeline, and more.

- **Create your own dashboards**  
Set up dynamic dashboards with multiple dimensions, adding in data sets such as profit margin, location, and referral source.
- **A dashboard for everyone**  
Customize dashboards for each role at your agency. Use these to monitor the business and run your staff meetings.
- **Layer multiple data attributes**  
Pull in attributes found in different parts of WellSky Personal Care to slice and dice your data.

### Analytics delivered

The right metrics arrive at the right time to the right people – in the inboxes of you and your staff on the cadence you establish.

- Email encrypted reports directly from Analytics on a schedule you set.

### Benchmarking and usage

Get a snapshot of how your business is doing relative to other WellSky Personal Care agencies in key areas:

- **Business health:** average growth of revenue, payroll, gross profit
- **Operational health:** staffing, scheduling, and client resource management
- **WellSky Personal Care usage health:** how well your business is leveraging Analytics data

### Analytics for healthcare

Identify high-risk populations with WellSky predictive analytics.

**WellSky® Personal Care** is the flexible, interoperable solution that will help your enterprise thrive and grow. **Request a personalized demonstration today!**
