

An eye for monitoring – using imaging technology to monitor assets in the construction industry

Fugro Geoservices Ltd

Presenter: Mario Markos Miletic, MSc in Geodesy and Geomatics

Overview

Part 1

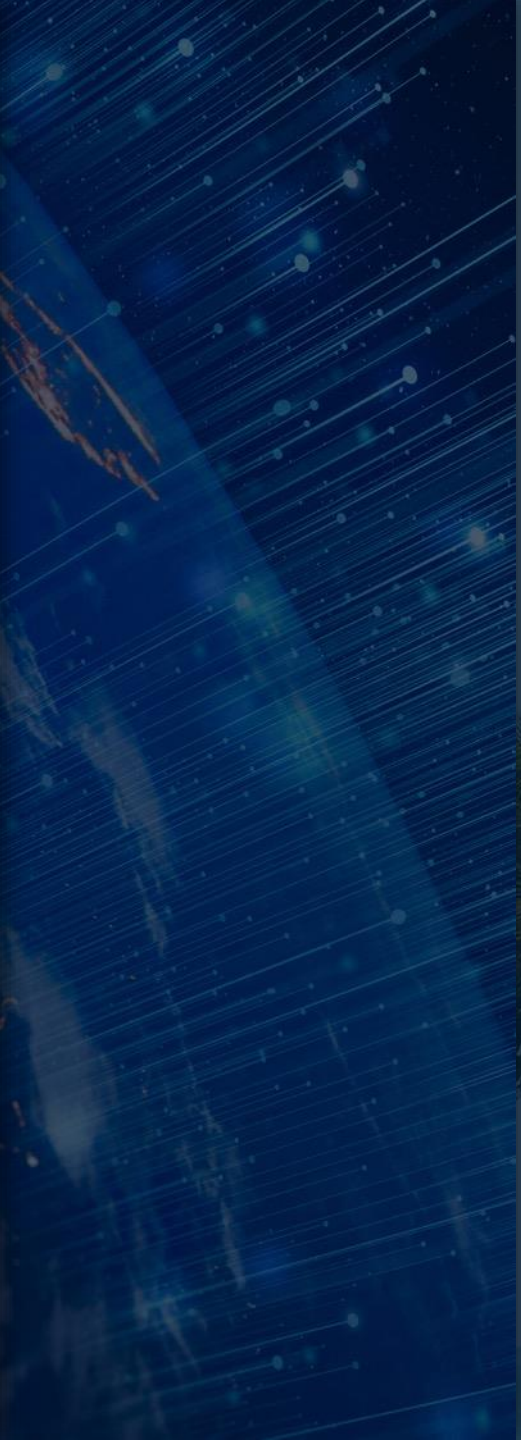

Introduction

Part 2

An eye for monitoring

Part 3

Q&A

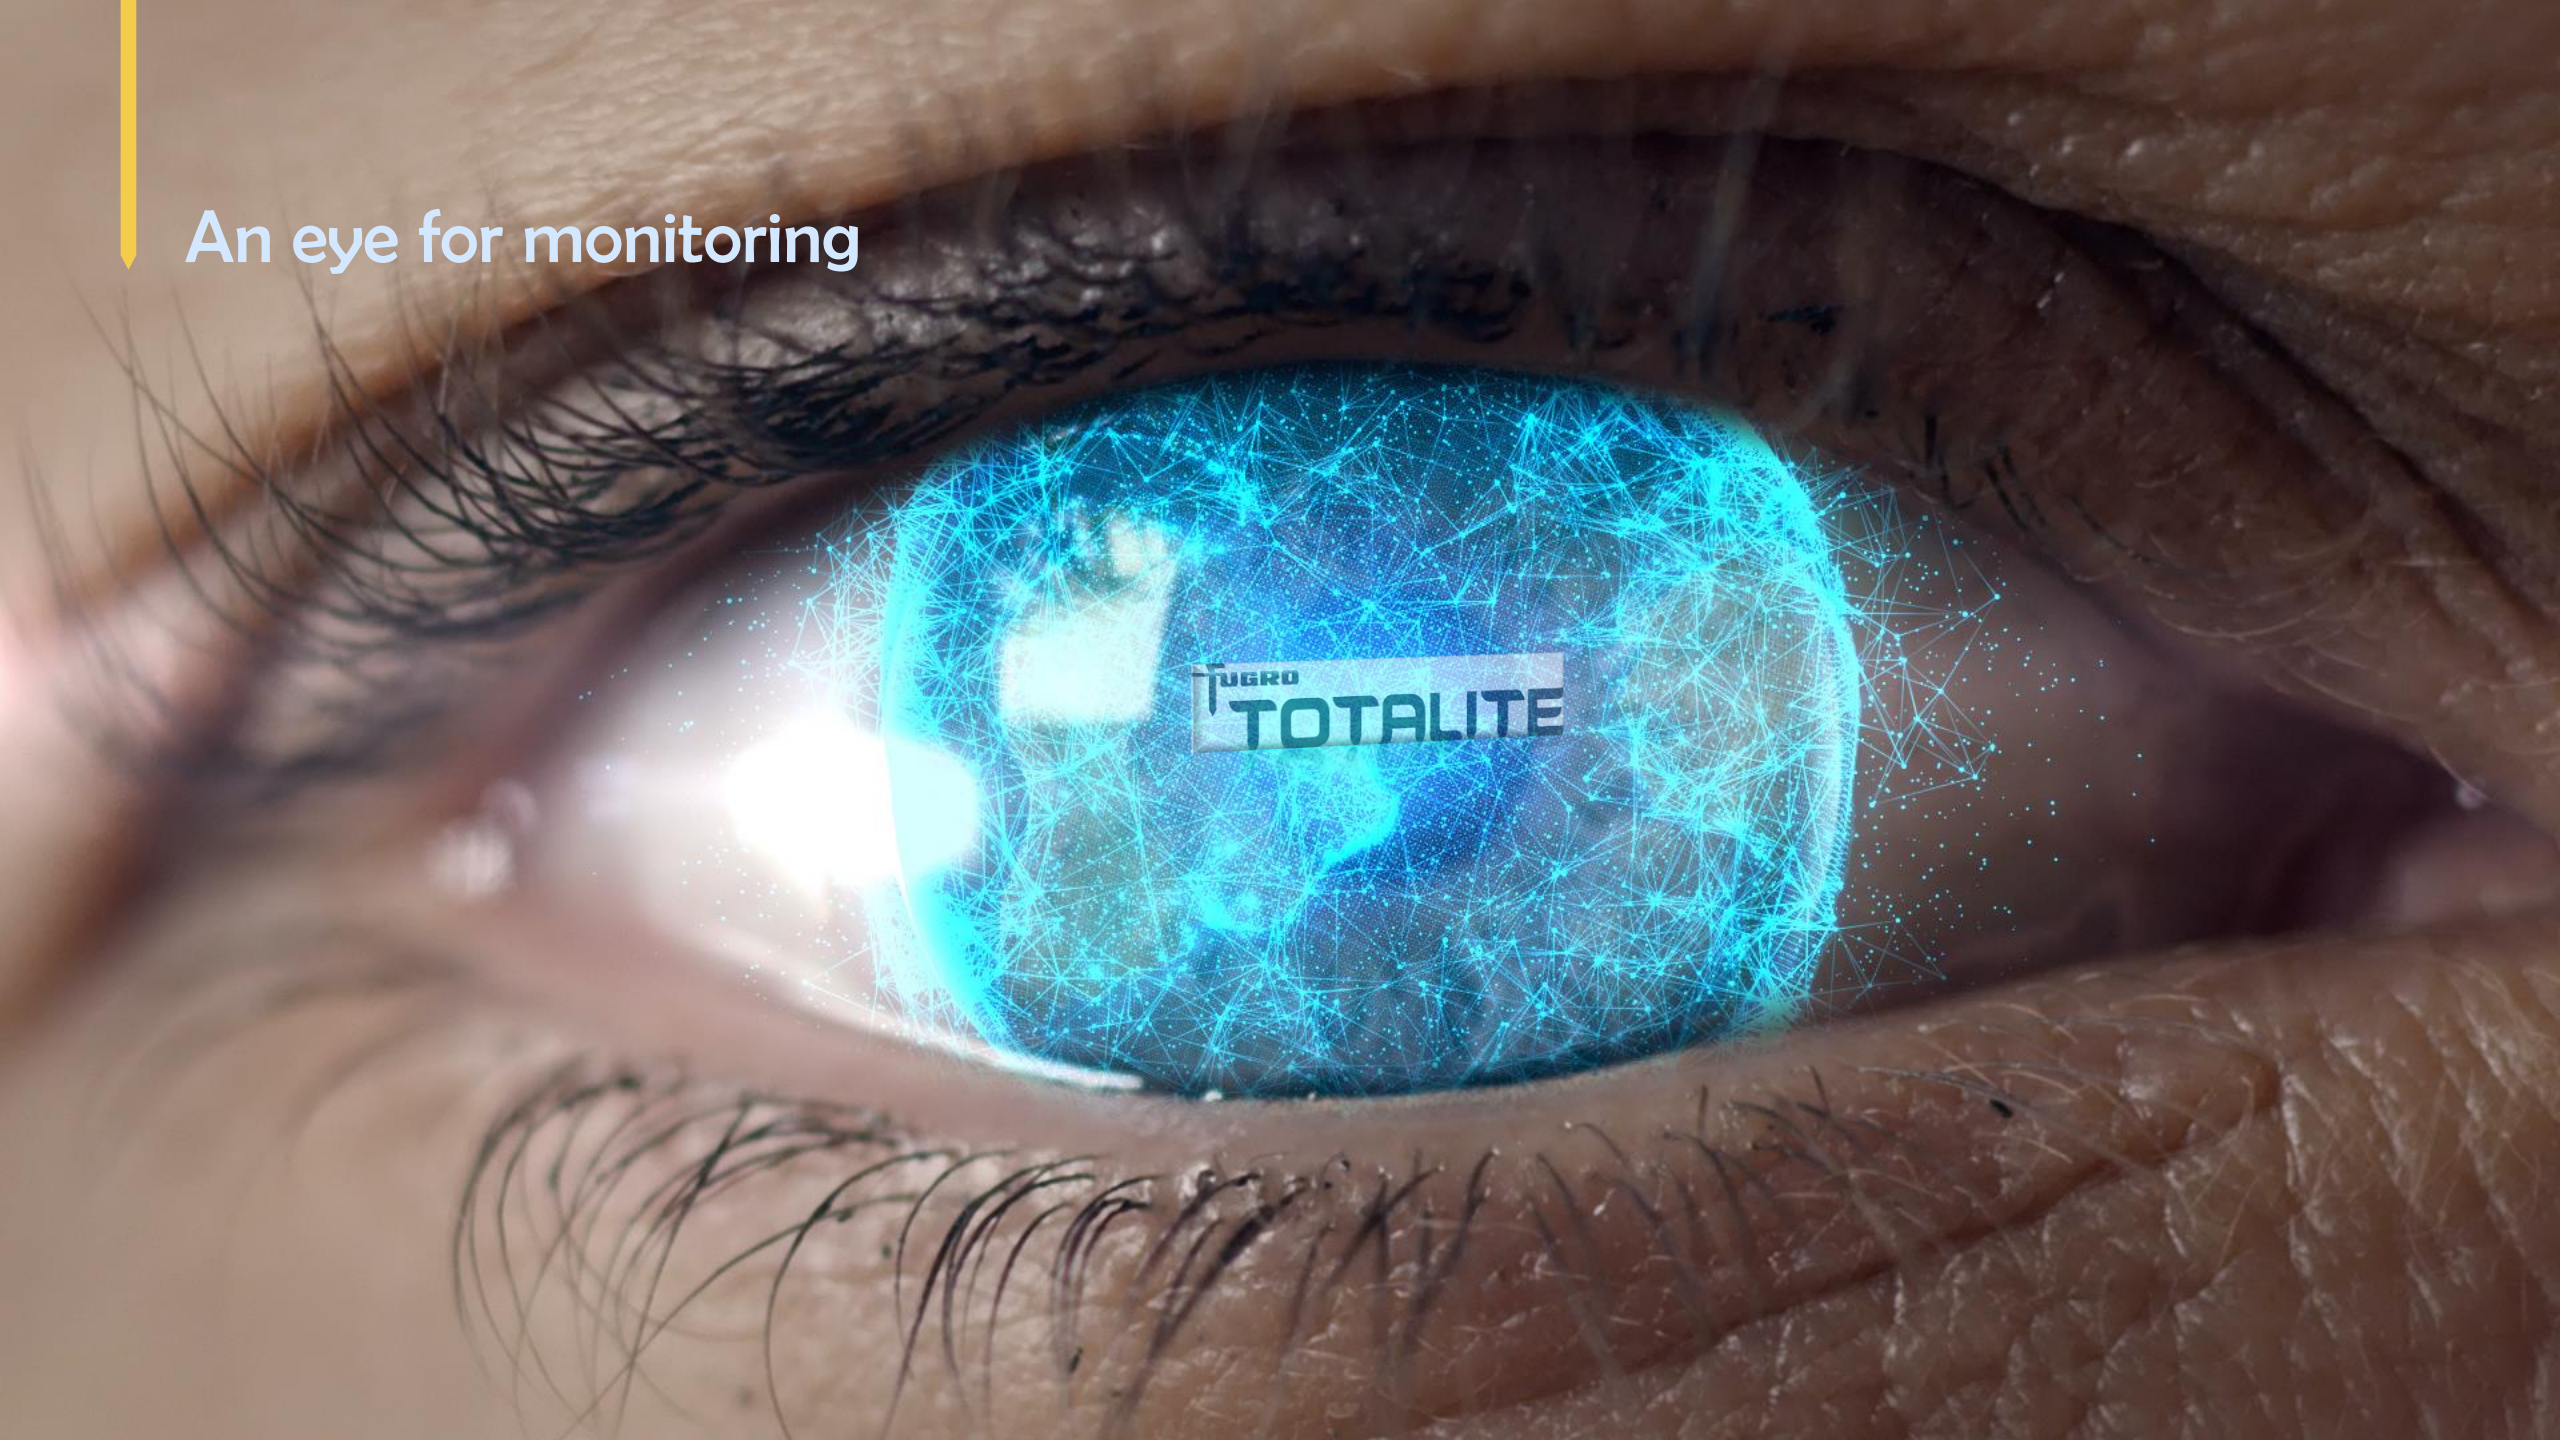

“

The world is changing
faster than ever before...

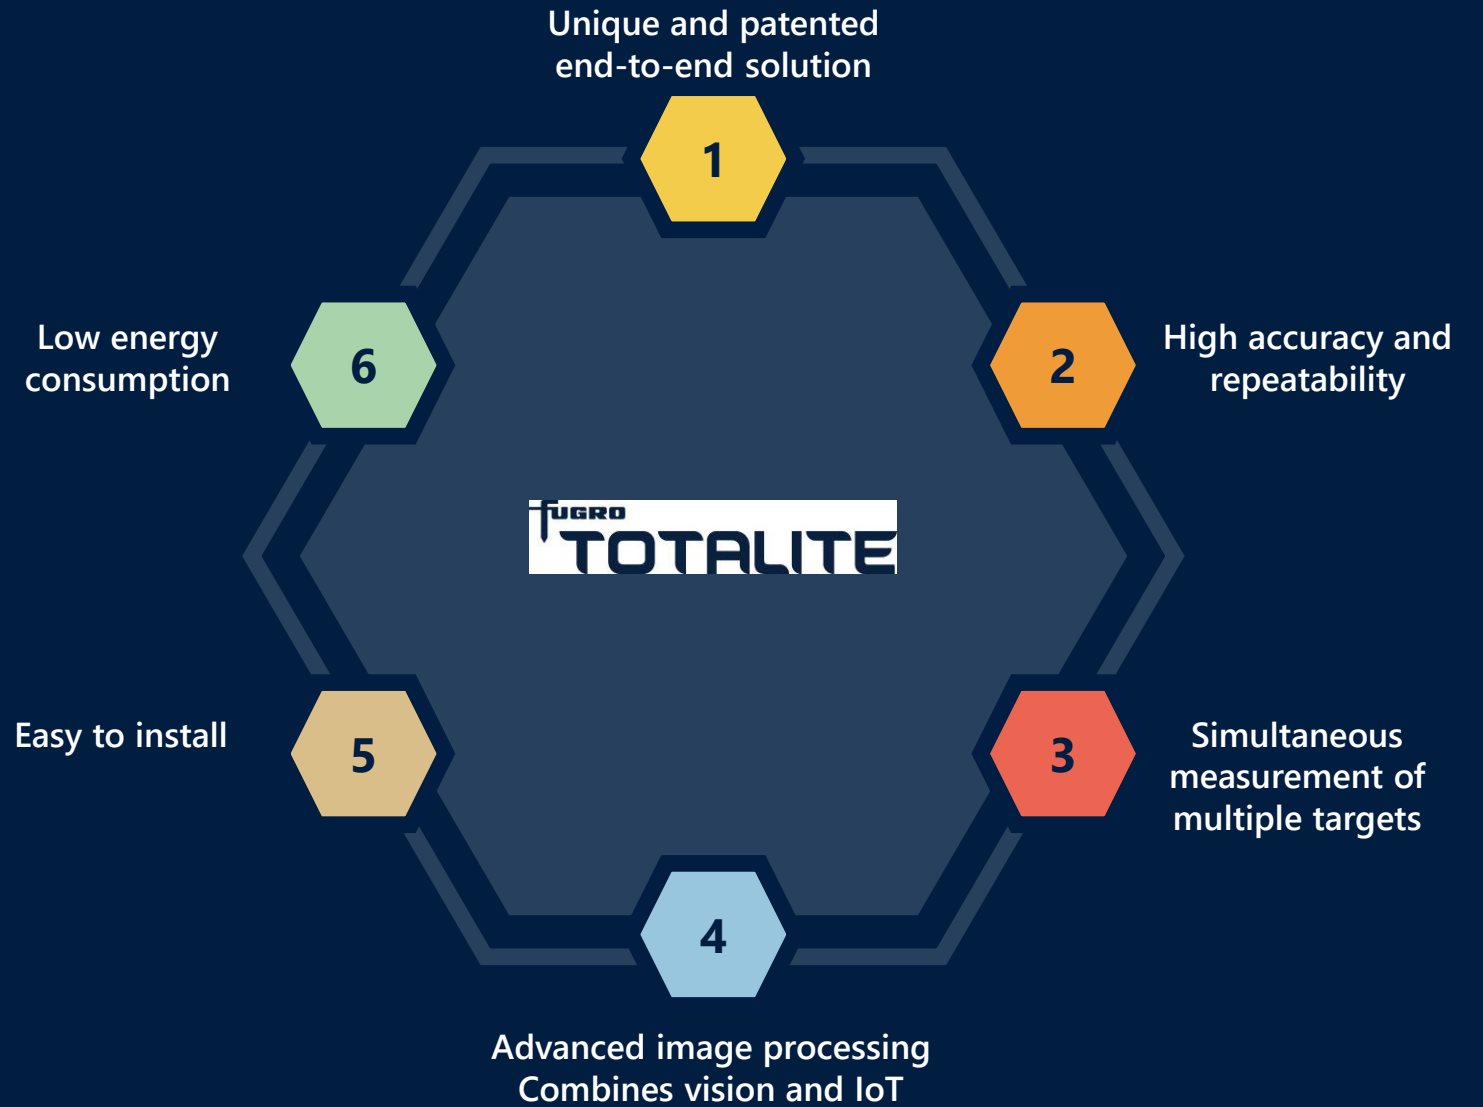

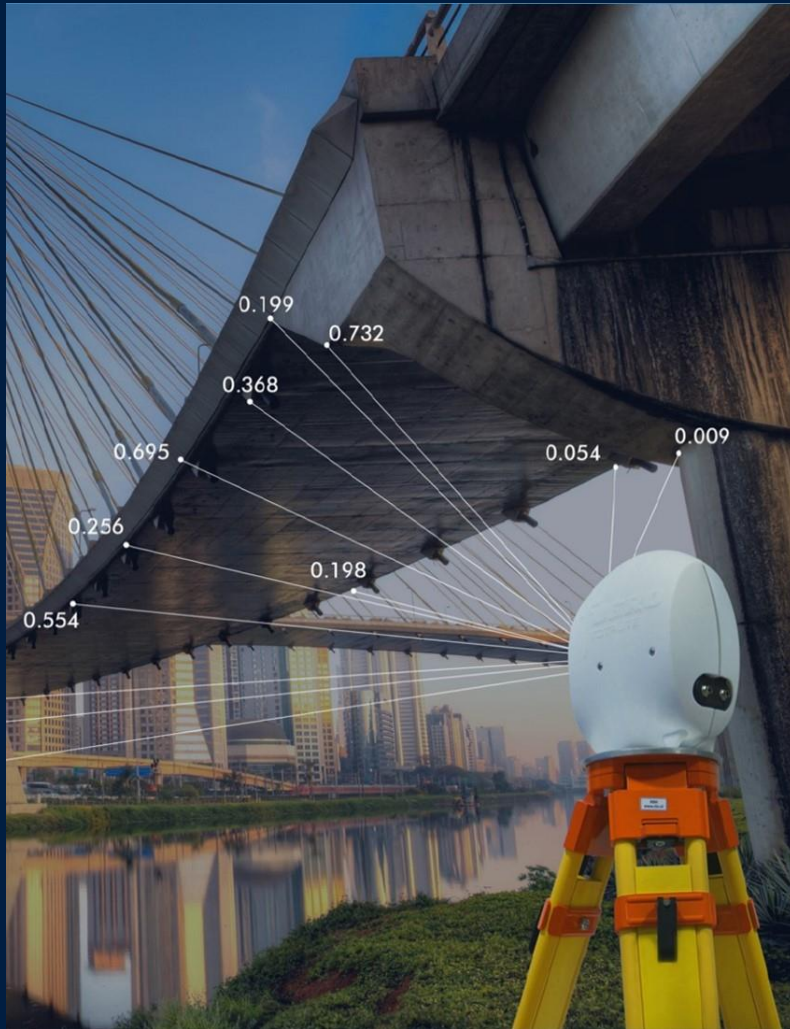

An eye for monitoring

A new field of vision

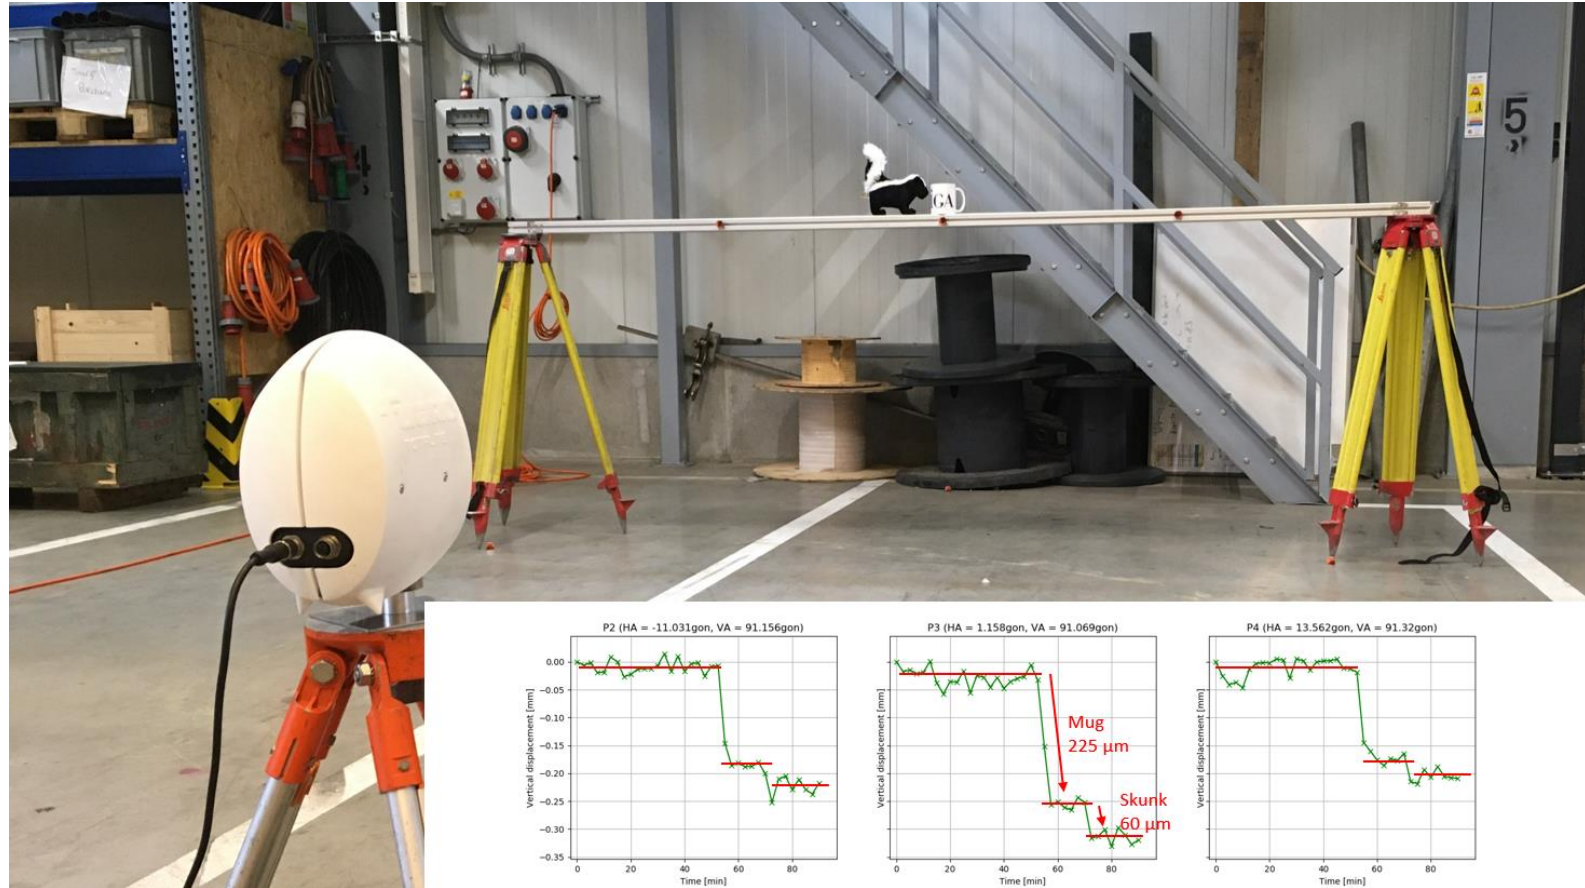

TotaLite

Test results

- Lab test: live measurement of beam deflection under load

Pilot projects

1

- Parking garage in Nootdorp, NL

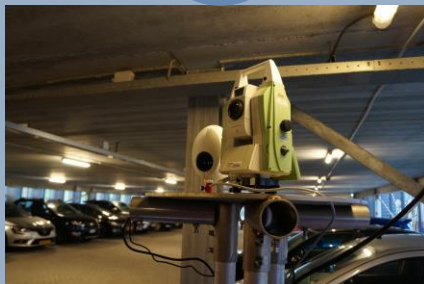

2

- Tunnel in Andra, France

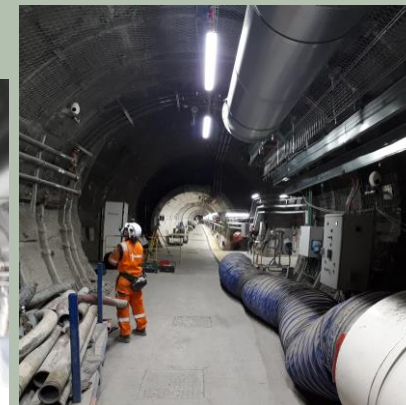

3

- Building in Netherlands

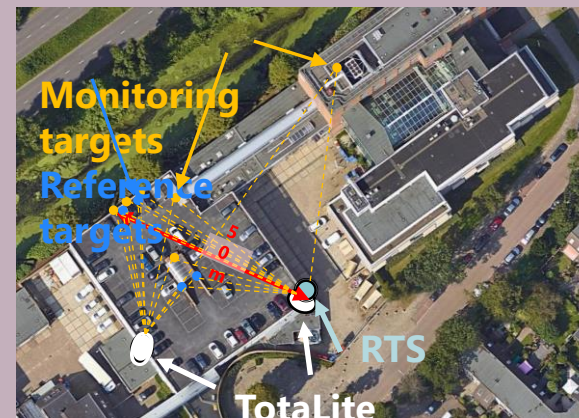

1
